WHITE LIGHTNING

- OPENER** Circle left. In North Carolina way back in those hills
Lived my old pappy, he had him a still
The men star right, roll it one time around
Allemande left and weave that ring
Well he brewed white lightnin' 'till the sun came down
Swing your lady promenade 'em on 'round.
Lightning started flashing, thunder started crashing
Hiccup... shhh... White lightning!
- FIGURE 1** Heads [sides] promenade go half way around
Sides [heads] right and left through, turn them around
Square through and count them four hands you go
When you get there do an eight chain four
G-men, T-men, revenuers, too
Swing that girl promenade 'em you do.
Lightning started flashing, thunder started crashing
Hiccup... shhh... White lightning!
- FIGURE 2** Heads [sides] promenade go half way around
Down the middle, do a right and left through
Sides [heads] square through and count four
When you get there do an eight chain four
G-men, T-men, revenuers, too
Swing number five promenade 'em two to two.
Mighty, mighty pleasin', Pappy's gone squeezin'
Hiccup... shhh... White lightning!
- BREAK** Circle left. I asked my pappy why he called his brew
White lightnin' instead of mountain dew.
The men star right, you roll it you go
Left allemande gonna weave the ring.
Well, I took a little sip; right away I knew
My eyes bugged out, my face turned blue.
Mighty, mighty pleasin', Pappy's gone squeezin'
Hiccup... shhh... White lightning!
- CLOSER** Circle left. I'm searchin' for the place where he made his brew
They were lookin', tried to book him, but Pappy kept on cookin'
The men star right roll it one time around
Allemande left and weave the ring
Well he brewed white lightnin' 'till the sun came down
Swing your girl and promenade 'em go around.
Mighty, mighty pleasin', Pappy's gone squeezin'
Hiccup... shhh... White lightning!
Hiccup... shhh... White lightning!
